### Harvest comments:

- Wet weather conditions continued last week limiting harvest activity
- Heat wave conditions forecast this week may cause further issues with quality
- Continue to monitor impact of weather events in line with latest [harvest alert](#)
- Harvest activity has now resumed across southern New South Wales and Victoria
- New segregations now available at sites across the network however growers are encouraged to check with their local site
- Winter harvest will continue to be received for late crops across northern NSW and Queensland

**\*Please note:** total represents new crop tonnes received at GrainCorp sites including some deliveries received prior to 30 September 2017
